To whom it may concern,

This letter serves as a formal recommendation for Mr. Othneil Drew. As one of his professors, I have had the distinct pleasure of facilitating Mr. Drew's growth as a student, and in that capacity, he has demonstrated genuine curiosity of the content and authentic engagement in his assignments. Without question, he stands as one of the best and brightest members of his class.

In addition to completing exemplary work in my classroom, Mr. Drew is involved in activities and organizations which indicate his commitment to the field of aviation. Presently, he is a member of the United States Coast Guard Auxiliary, the Virgin Islands Chapter Tuskegee Airmen, Inc., the Organization of Black Aerospace Professionals, as well as a volunteer to the Texas Southern University's Aviation Advisory Committee.

To be sure, Mr. Drew is intrinsically motivated and will be successful regardless of the direction his life ultimately takes. However, his inclusion in your organization will undoubtedly support his academic and, perhaps more importantly, his professional aspirations of graduating with a degree in Aviation Science, becoming an airline pilot, operating a successful aviation company, and achieving the long-term goal of owning his own international hotel-chain that features aerial sight-seeing tours. I am certain that your organization will cultivate Mr. Drew's confidence in his own myriad abilities, empowering him to become a credit to his family and to his extended community.

It is without reservation that I recommend Mr. Othneil Drew. Should you need to contact me directly, you may email me at bensonma@tsu.edu or call me at 713.851.8024.

All the best,

A handwritten signature in black ink that reads "Michon Benson". The signature is fluid and cursive, with a long horizontal line extending to the right.

Dr. Michon Benson
